PURE SPA GO

HOME & AUTO AROMA DIFFUSER

USER MANUAL
MODEL: PESPAPOP

WARNINGS & PRECAUTIONS

READ THIS ENTIRE INSTRUCTION MANUAL BEFORE OPERATION. FAILURE TO ADHERE TO THE FOLLOWING INSTRUCTIONS CAN CAUSE HARM TO YOU OR THE DEVICE.

- Place the aroma diffuser on a flat surface about 2ft away from the floor and 4in away from the wall. DO NOT place the diffuser on wooden furniture which can be damaged by water.
- Before cleaning or adding essential oil and water to the aroma diffuser, make sure the power is off and the product is disconnected from its power source.
- Add water into the tank. DO NOT fill the water beyond the MAX level mark of the water tank. The diffuser will not work if filled beyond the MAX level mark.
- Keep the diffuser out of the reach of children and pets.
- Keep the diffuser away from any appliances, especially those sensitive to water, and in a clear space to allow the mist to freely spread and to avoid unnecessary accidents.
- It is very important to remove the water and wipe the water tank clean when the diffuser is not in use.
- Neatly organize the USB power cable to avoid a tripping hazard.
- To avoid the risk of electric shock, DO NOT disassemble the product for any reason except as instructed in this user manual. It contains no user serviceable parts.
- Avoid adding too many drops of oil. Use with only 2-3 drops of oil.
- Regularly top off the water when in use.
- DO NOT attempt to fill water into the diffuser using the mist outlet.
- The power outlet used should be 5V,1A or more. If the output is below 5V,1A the mist output may be decreased.

FCC NOTICE

Model: PureSpa Go (PESPAPOR)

This device complies with Part 18 of the FCC rules.

Pure Enrichment
2803 S Yale St.
Santa Ana, CA 92704
www.pureenrichment.com

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. The equipment should be maintained as discussed in this manual. Changes or modifications not expressly approved by Pure Enrichment will void the user's authority to operate the equipment. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult dealer or experienced radio/TV technician for help.

INTRODUCTION

Thank you for purchasing PureSpa Go from Pure Enrichment. This modern ultrasonic aroma diffuser is portable and creates a fragrant and relaxing environment in your car, office, home, and everywhere you go. It includes a USB power cable and a cleaning brush.

PRODUCT FEATURES

Aromatherapy

Enjoy the ultimate aromatherapy experience using your favorite essential oil. The safe, non-heating diffuser uses advanced ultrasonic technology that produces high-frequency vibrations that turn water into a therapeutic mist.

Ionizer

Produces “happy feeling” negative ions that help lift your mood, relieve stress, and strengthen your immune system.

Automatic Shut-Off

The unit safely shuts off when the water tank is near empty.

Color-Changing LED Light

Rotates through a rainbow-colored spectrum of light that casts a beautiful glow through the top cover of the diffuser.

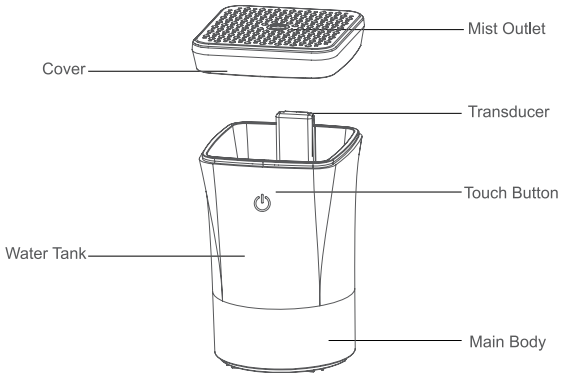

PRODUCT SPECIFICATIONS

Size:	2.8" x 2.8" x 4.6"

**Run time may vary depending on water quality, room temperature, and amount of oil added to PureSpa Go.*

PRODUCT DIAGRAM

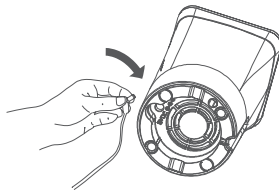

The diagram below highlights all the important features of this product.

USING THE PRODUCT

1. Take off the top cover.

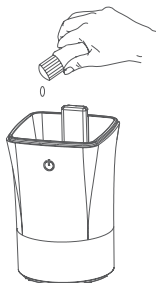

2. Plug the cable into the DC socket of the unit. DO NOT connect the USB side of the cable to power.

MAX Mark

3. Add water to the water tank.
DO NOT fill the water above the MAX level mark inside the water tank. It will not work if overfilled.
DO NOT use hot water to fill the tank.

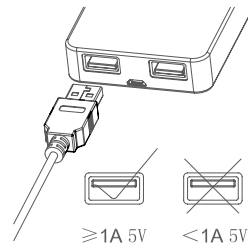

4. Add 2-3 drops of essential oil.

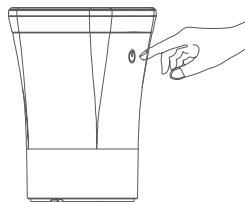

USING THE PRODUCT

5. Replace the top cover.

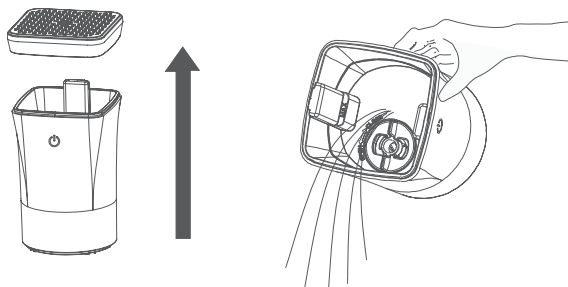

6. Connect the USB cable to the power source.

7. 1st press: Aroma Diffuser ON, Light ON
2nd press: Aroma Diffuser ON, Light OFF
3rd press: Aroma Diffuser OFF, Light OFF

AFTER EACH USE

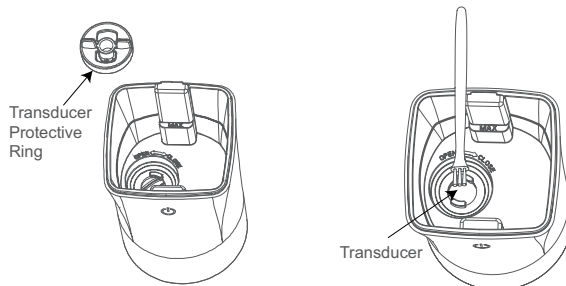

8. Turn PureSpa Go OFF and unplug from the power source. Then lift off the top cover.

9. Drain and rinse the water tank thoroughly to remove any sediment and dirt. Wipe clean and dry with a clean soft cloth or paper towel.

DO NOT FILL WITH HOT WATER! DOING SO MAY CAUSE LEAKING. WHEN NOT IN USE, REMOVE THE WATER FROM THE TANK.

CLEANING THE PRODUCT

10. The surface of the transducer may become covered by sediment after repeated use. If you notice inconsistent mist, decreased mist output, or the surface of the transducer is dirty you may clean it.

- Take off the transducer protective ring by rotating it counter-clockwise.
- Use the included cleaning brush to wash and clean the transducer.
- Replace the transducer protective ring by rotating it clockwise.

USING ESSENTIAL OILS WITH PURESIPA GO

To avoid unnecessary damage to PureSpa Go or harm to you or others who live or work with you, please keep the following recommendations in mind when using essential oils:

- Use 100% all-natural essential oil.
- DO NOT exceed 2-3 drops of essential oil per 1.7 oz (50 mL) of water.
- Avoid spilling essential oil on your skin. If you do, immediately dilute it with a carrier oil like coconut oil or olive oil. If swallowed seek medical help immediately.
- The water tank and cover are made of oil-proof materials. Other PureSpa Go parts should not come in contact with essential oil as some oil ingredients may dissolve them.
- Clean the water tank after each use. Some essential oils are not water-soluble and may remain in the water tank causing residue or an unpleasant odor if mixed with another essential oil.
- Immediately discontinue the use of any essential oil that makes you feel sick or produces an adverse side effect.
- Pregnant women, elderly people, young children or people with chronic diseases may be more sensitive to a particular fragrance.
- Store essential oil in a dark, cool place with the cap tightly closed and out of the reach of children and pets.
- Observe the expiration date of your essential oil. For most oils, the standard expiration date is one year from first opening. Citrus oils have a six-month expiration.

Pure Enrichment's 100% Pure Essential Oils (not included) are the perfect way to take advantage of PureSpa Go's aromatherapy benefits. Visit pureenrichment.com to order today!

WARRANTY
